Dear Cousin Lottie:

The weather is quite chilly now. We have had a great deal of rain. I hope it will soon get warm. Are you having warm weather out in Kansas? The rain that we have had this month will make the trees, the grass, and the flowers grow. Our trees are already budding.

I have a great ways to go to school. The distance is about a mile and a half. I am being examined in spelling and language. As I be- ing such a long ways to school I have to take my dinner. I am in the fifth grade. I hope I will pass in examination. In examination we have to draw the map of North America.

From your Love
Kellie Morell
