

# Audience Critique Sheet

Please listen carefully and courteously to the Readers Theater performance today. As you listen, attend to the following items and "grade" those items with a +, √, or - on the lines to the right side of this paper. Also listen to each character part and decide which is your favorite.

1. Clarity of voice ("Articulation"--words were clear and easy to understand)

1.

2. Voice projection ("Loudness" was enough to be heard at the back of the room)

2.

3. Voice inflection (Voices "rose and fell" as in real life)

3.

4. Believability of character

4.

5. Timing (parts were read smoothly without unscripted pauses)

5.

What was your favorite character/part and why?
